PASSPORT FEES AND CHARGES INFORMATION SHEET 2014

BSPA is a DEFRA approved & regulated organization authorized to issue Equine Passports. All BSPA Passports comply with * EU Commission decision 92/353/EEC and Commission Regulation (EC) No 50A/2008 & 90/427 EU). However new legislation is expected during 2014 (2015) to which all BSPA passports will comply without any further price increase.

1- PASSPORTS:

- **Please Refer to Passport application notes on the reverse of the Application form online.** There are 4 types of Passports available from the BSPA see below. All conform fully with Passport regulations & DEFRA standards & requirements.
- BSPA PASSPORT CHARGES HAVE NOT BEEN INCREASED SINCE 2009 WHEN PREVIOUS REGULATIONS WERE INTRODUCED. THIS NEW MAJOR LEGISLATION AND COMPREHENSIVE CHANGES HAVE REQUIRED INCREASED IMPLEMENTATION COSTS. OUR FEES HAVE HAD TO REFLECT THIS
- **1-1-Basic Identity – (RBID) £28:** This Passport is a document of Equine Identity only. It is not a Breeding Document nor does it register the equine to compete under BSPA rules. It can therefore be issued to any colour of Equine or indeed any species defined as “Equadie” within the legislation. Any “Un-Licensed and Un-Graded Stallion will be issued with a RBID Passport until such time as they Grade with the BSPA. Skewbald/Piebald equines with a RBID Passport are not registered to show under BSPA rules. This may be done at a later date by payment of the required fee and the issuing of a “Registration card”. **No Breeders prefix can be applied.**
- **1-2-Unverified Breeding Identity & BSPA Registration Passport (UVB) £35** Like the RBID passport, above this is an “Identity Passport” not a breeding document, but it includes a Horse or Pony Registration allowing the horse/pony to compete under BSPA rules. Breeding can be established via DNA Testing for an additional fee but does not enter the equine into the BSPA Studbook. **No breeders prefix can be applied unless the stock is born on your stud/premises.**
- **1-3- Verified Breeding Identity Passport: £40-** Where a covering certificate has been issued by another Breed Society or a DNA profile to either sire or dam has been submitted; OR the equine is a gelding (non - breeding animal); then a 2 generation pedigree is reproduced in the passport. This does not enter the equine into the BSPA Studbook.
A Breeders Prefix can be used
- **1-4- Full Studbook Passport £50-** Available to all the Progeny of BSPA Graded Stallions (BSPA Covering Certificate Must be sent) and BSPA Graded Mares with a Breed Society Covering certificate. A full 4 generation pedigree (if established) will be reproduced. Verification is required via the submission of a Certificate of origin or a breeding printout or copy of relevant passport if not a BSPA Stallion. These MUST be sent with this form. **A Breeders Prefix can be used**
